Announcement 1

Editorial 3

Innovative methods for determining alkenone unsaturation indices
C.G. Johnson, G.S. Frysinger, R.K. Nelson, R.B. Gaines, N. Ohkouchi, C.M. Reddy and T.I. Eglinton 5
High-resolution nitrogen gas profiles in sediment porewaters using a new membrane probe for membrane-inlet mass spectrometry
H.E. Hartnett and S.P. Seitzinger 23
Characterization and field trials of a bioluminescent bacterial reporter of iron bioavailability
C.E. Mioni, A.M. Howard, J.M. DeBruyn, N.G. Bright, M.R. Twiss, B.M. Applegate and S.W. Wilhelm 31
Characterization of copper-complexing ligands in seawater using immobilized copper(II)-ion affinity chromatography and electrospray ionization mass spectrometry
A.R.S. Ross, M.G. Ikonomou and K.J. Orians 47
Hydrolysis patterns and the production of peptide intermediates during protein degradation in marine systems
B.L. Nunn, A. Norbeck and R.G. Keil 59
The effect of common nucleic acid stains on the composition of particulate organic matter as determined by direct temperature-resolved mass spectrometry and pyrolysis-gas chromatography-mass spectrometry
E.C. Minor, C. Foust and R.F. Dias 75
Tracing the source and fate of biopolymers in seawater: application of an immunological technique
M.V. Orellana, E.J. Lessard, E. Dycus, W.-C. Chin, M.S. Foy and P. Verdugo 89

Preface 101

Review article
The biogeochemistry of the river and shelf ecosystem of the Arctic Ocean: a review
T. Dittmar and G. Kattner 103
Biogeochemical processes in a freshwater–seawater mixing zone in permeable sediments along the coast of Southern Brazil
H. Windom and F. Niencheski 121
Contrasting trace element geochemistry in two American and French salt marshes
B. Velde, T. Church and A. Bauer 131
Iron speciation and biogeochemistry in different nearshore waters
M. Öztürk and N. Bizsel 145
Mobilization of metals from riverine suspended matter in seawater
V.M. Shulkin and N.N. Bogdanova 157

doi:10.1016/S0304-4203(03)00167-1

Aluminium in acidic river water causes mortality of farmed Atlantic Salmon (*Salmo salar* L.) in Norwegian fjords
V. Bjerknes, I. Fyllingen, L. Holtet, H.C. Teien, B.O. Rosseland and F. Kroglund 169
Influence of diffuse sources on levels and distribution of polychlorinated biphenyls in the Guadiana River estuary, Portugal
A.M. Ferreira, M. Martins and C. Vale 175
